## 2. Program Overview and Objectives

The Government and Industrial Collaboration Grants aim to strengthen applied research partnerships between Qatar University and the government and industry sectors by supporting research projects that deliver innovative solutions to real-world challenges and have a direct impact on society and the national economy. This type of grant helps integrate academic knowledge with practical expertise and build effective communication bridges between the university and stakeholders. This grant aims to develop applied research projects in partnership with government or industry institutions to deliver practical solutions.

## 3. Research Team Structure

### Team Structure

- **Lead Principal Investigator (LPI):** Each research team must have one Lead Principal Investigator who is a full-time faculty member or researcher at Qatar University. The LPI holds full responsibility for the technical, administrative, and financial management of the project.
- **Principal Investigators (PIs):** The team may include 4 Principal Investigators from within or outside Qatar University, contributing their expertise to the project's implementation.
- **Student Participation:** Inclusion of graduate and/or undergraduate students in the research team is required to build research capacity and provide training opportunities for students.

## 4. Eligibility Criteria

### 1.1. Qatar University Eligibility Criteria

#### 1. Eligibility of the Lead Principal Investigator (LPI)

- Professors, Associate Professors, and Assistant Professors at Qatar University who can develop research partnerships with leading academic institutions locally, regionally, and internationally, in line with Qatar University's research priorities.
- A researcher may participate as an LPI in only one research proposal per grant cycle.

### 1.2. Submission and Participation Limits

- The proposal should be submitted by the Lead Principal Investigator (LPI); otherwise, it will not be acceptable.
- To ensure fair distribution of opportunities and allow the largest number of researchers to participate, the following limits are applied to submissions in each grant cycle:
  - **Principal Investigator (PI):** A researcher may participate as PI in up to 5 research proposals per grant cycle.
  - **Multiple Roles:** A researcher can combine roles within the same cycle, such as serving as LPI on one project and as PI on up to four other projects.
  - **Multiple Applications as LPI:** The number of LPI roles per cycle/call (GIC) is limited to one. If more than one application is submitted in the same cycle by the same researcher as LPI, only the first submission will be processed further.
  - **Maximum Across Cycles:** There is no maximum limit on participation as PI across different grant cycles. Researchers may participate in each grant cycle within the limits stated above, subject to other eligibility restrictions related to active grants.

### 1.3. External PIs

For PIs from Organizations not outside Qatar University:

- A support letter using the approved template must be submitted, duly signed by the institution's authorized signatory, **not by the Principal Investigator (PI)**.
- The institution shall waive all rights, including intellectual property rights, arising from or related to this project.
- The Principal Investigator shall personally conduct and remain solely responsible for all project activities. **No delegation, assignment, or subcontracting shall be permitted.**

### 1.4. Co-fund Eligibility Criteria

- In-Cash financial support from a governmental or industrial partner contributing at least 30% of the total project budget.
- A **funding commitment letter** from the partner institution(s), signed by an officially authorized representative, is required.

## 5. Required documents

- Application form
- Budget Breakdown
- Commitment letter
- Research Team CVs- each CV should not exceed three pages (LPI and PIs only)
- Similarity report not exceeding 15 % (less than 3% single source)- full iThenticate report
- Commitment Letter in Joint Research Collaboration
- Primary Research Ethics Checklist

## 6. Budget

The budget in the research proposal must be prepared accurately and realistically, adhering to the limits and regulations set out in the grant guidelines and Qatar University's financial policies.

### 1. Budget Limits

- 100,000 QAR per year, up to 200,000 QAR for two years.

## 2. Personnel Expenses

- **Undergraduate student:** Daily rate fixed at 436.98 QAR, 2 working days per week, maximum 8 working days per calendar month.
- **Research Assistant or Graduate student:**
  - **Bachelor's degree holder:** Monthly rate: 8,000-10,000 QAR. Daily rate: 266.66-333.33 QAR.
  - **Master's degree:** Monthly rate: 11,000-15,000 QAR. Daily rate: 366.66-500 QAR/day
- **Post Doc or Research Associate:** Monthly rate: 18,000-30,000 QAR. Daily rate: 600-1,000 QAR.

## 3. Travel Expenses

- **Purpose:** The travel budget is primarily allocated to cover expenses for researchers attending scientific conferences to present the results of the funded research project.
- **Limits:** The travel budget must not exceed 20% of the total annual budget of the project.
- **Approval:**
  - All travel expenses under any grant programs are subject to prior approval from the Research Support Department.
  - Members of the research team are required, when traveling under the research grant, to comply with all regulations and decisions issued by the President of the University, as well as the relevant university policies and/or the applicable policies of the funding agencies and the agreements signed with them.
  - All travel expenses must fall within the approved budget and available resources, after fulfilling all travel requirements and obtaining administrative approval. This applies to all members of the research team, including researchers and university students awarded the research grant. Travel expenses shall be reimbursed in accordance with the rules and procedures in force at the University and, where applicable, those of the funding agency.
  - For student travel, travel application forms must be completed and signed by the Dean of the student's college and submitted to the Pre-Award Office for final approval after the grant is awarded.

## 4. Textbooks Expenses

- **Purpose:** To support the purchase of essential textbooks and reference materials, or the successful execution of the project.

- **Limits:** Not available in QU Library.

#### **5. Publication Expenses**

- **Purpose:** To enable researchers to disseminate project outcomes through peer-reviewed publications that enhance research visibility and impact.
- **Limits:** The budget allocated for miscellaneous expenses must not exceed 10% of the project's total annual budget.

#### **6. Miscellaneous Expenses**

- **Purpose:** To cover minor, project-related expenses that do not fall under other budget categories.
- **Limitations:** The budget allocated for miscellaneous expenses must not exceed 5% of the project's total annual budget.

#### **7. Non-allowable Expenses**

- Please see the Qatar University Non-Allowable Expense document

#### **8. General Notes**

- Advance ITS approval is required for all software, hardware, subscriptions, cloud services, licensing renewals, specialized IT equipment, and any systems requiring integration with QU's IT environment.
- All budget items and expenditures must comply with Qatar University's financial policies and regulations.
- If there are any inquiries regarding budget items or allowable expenses, it is recommended to contact the Research Support Department directly for clarification before submitting the proposal or initiating any spending

## **7. Proposal Submission**

The application link will be shared during the grant launch announcement.

## **8. Acknowledgement**

The Lead Principal Investigator must ensure that Qatar University and XXXXXXXX are acknowledged for their support when publishing the research results, using the following statement:

This [publication, report, etc.] was made possible by a research grant funded by [Institution Name] under research grant No. XXXXXXXX. The findings herein reflect the work and are solely the responsibility of the author[s].”
