## Course Content

The CIA Review Program is intended for participants with bachelor's degree. CIA review program equips participants planning to sit for the CIA exam with the necessary tools to effectively pass the CIA exam.

The following paragraphs provide brief information about the content of each part.

### Part 1 – Essentials of Internal Auditing

The CIA exam Part 1 is well aligned with The IIA's International Professional Practices Framework (IPPF) and includes six domains covering the foundation of internal auditing; independence and objectivity; proficiency and due professional care; quality assurance and improvement programs; governance, risk management, and control; and fraud risk. Part one tests candidates' knowledge, skills, and abilities related to the International Standards for the Professional Practice of Internal Auditing, particularly the Attribute Standards (series 1000, 1100, 1200, and 1300) as well as Performance Standard 2100..

### Part 2 – Practice of Internal Auditing

The CIA exam Part 2 includes four domains focused on managing the internal audit activity, planning the engagement, performing the engagement, and communicating engagement results and monitoring progress. Part 2 tests candidates' knowledge, skills, and abilities particularly related to Performance Standards (series 2000, 2200, 2300, 2400, 2500, and 2600) and current internal audit practices.

### Part 3 – Business Knowledge for Internal Auditing

The CIA exam Part 3 includes four domains focused on business acumen, information security, information technology, and financial management. Part Three is designed to test candidates' knowledge, skills, and abilities, particularly as they relate to these core business concepts.
