

# Japanese Conversation

## Training Course Japanese Conversation

Course Language Instructed in English

Course Duration Total Number of hours 36 , Online

**Course Objectives**

This beginner-level course is perfect for those who want to learn not only useful everyday phrases, but also the basic grammar behind them. Whether you're planning to travel to Japan, interested in Japanese culture, or just beginning your language journey, this course offers a friendly and supportive environment to get you started.

Course Key Topic Area Includes:

**Simple sentence building and grammar basics**  
(Understanding word order, particles, and how to make questions)

**Hiragana and Katakana**  
(Learning how to read and write the two main Japanese scripts)

**Pronunciation and speaking practice**  
(Getting comfortable with the sounds and rhythm of Japanese)

**Listening and understanding simple conversations**  
(Training your ear to catch key words and phrases)

**Essential everyday expressions**  
(Useful phrases for shopping, eating out, asking for help, etc.)
